best

A member of the FAS Gov Suite™ of integrated asset management solutions.

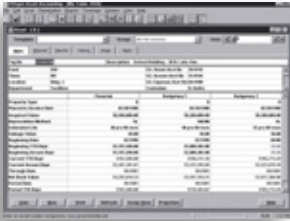

FAS Gov Asset Accounting provides advanced fixed asset accounting and reporting features for governmental, educational, and non-profit organizations needing effective decision-making tools in integrated accounting environments and helps organizations comply with GASB 34/35 requirements. FAS has successfully served organizations for nearly 20 years and is used by the “Big Five” accounting firms. Giving you a complete overview of your fixed assets at every stage, FAS Gov Asset Accounting is the perfect solution for your GASB 34/35 needs.

The comprehensive solution for managing fixed assets.

- Manage entire fixed asset lifecycles including transfers and disposals
- Password security on user-defined menu levels
- Custom Report Writer option gives graphics, drilldown and batch reporting capabilities
- Online help and electronic documentation
- Powerful Import/Export Helper with easy-to-use wizards
- Three books—Financial, plus two user defined
- Over 20 methods of depreciation—including Straight Line, Modified Straight Line (formulas and tables), Declining Balance, Sum-of-the-Years-Digits, and customized depreciation methods

(over, please...)
