A member of the FAS Gov Suite™ of integrated asset management solutions.

FAS Report Writer gives you total control over the format, appearance, and context of all your depreciation and asset management reports. FAS Report Writer lets you create professional, custom reports instantly, to save and reuse whenever you wish. What's more, you can even share fixed asset data with other programs using the built-in ASCII and spreadsheet exports. Enjoy custom reports and data integration—all in one easy-to-use, point-and-click system.

Complete flexibility with unlimited reporting possibilities.

- Handle any volume of data, from 1 to 999,999 assets in a single report
- Select any FAS Gov Asset Accounting™ or FAS Gov Asset Inventory™ data field you want to use as a column heading
- Choose the range of assets you want to include in your report—you can even specify a wildcard entry which will search the database for a partial match of what you're looking for
- Determine the way you want to subtotal and group the data in your reports—you'll have an unlimited number of sorts and subtotals
