**best**

## A member of the FAS Suite® of integrated asset management solutions.

FAS Asset Accounting provides advanced fixed asset accounting and reporting features for businesses needing effective decision-making tools in integrated accounting environments. Chosen 3-to-1 over all competing solutions combined, FAS Asset Accounting is the right choice for your company.

## The comprehensive solution for managing fixed assets.

- Most comprehensive depreciation calculation engine in the industry, containing over 300,000 IRS tax rules and GAAP supported depreciation methods
- SupportPlus Members benefit from automatic software updates which keeps them up-to-date with the most recent tax changes
- Seven books, all visible on one screen—Internal, Tax, ACE, AMT, State, and two user-defined custom books
- Manage entire fixed asset lifecycles including transfers and disposals
- Password security on user-defined menu levels
- Custom Report Writer option provides graphics, drilldown and batch reporting capabilities
- Online help and electronic documentation
- Includes the *FAS Depreciation Guide*—an electronic version of the definitive resource on fixed asset management
